Welcome

I wrote this guide with you in mind. Everyone reading this will be able to quickly be up and running and driving traffic to their lead capture page.

When you follow these three simple steps, you will see your subscriber list grow and you will see income start flowing. The secret is to follow the three steps until you see those subscribers begin to opt in to your list.

Yes – 3 steps! It really CAN be that simple.

Don and I thank you and appreciate you for being a loyal member here at CLB Learning.

We have confidence that you and your team can prosper with our simple plan.

We look forward to connecting, hearing your results and celebrating your success.

The CLB Learning System

Outline

The focus on the CLB Learning System is to help you setup your system to attract subscribers for your business and then follow up with them to secure the sale.

NOTICE: You need to be a member of The CLB Learning (CLB) to setup your Capture Page. If you have not yet joined CLB Learning, you can [CLICK HERE TO JOIN CLB](#)

The 3 Simple Steps

1. Setup your Auto-responder campaign, Lead Capture Page and Landing Page
2. Advertise your lead capture page (Get Traffic!)
3. Follow up and follow through

How It Works

- You will setup your Auto-Responder through Leads Leap using a shared campaign code. You will edit your campaign messages with your links and personal business information and then setup your Landing Page and Capture Page. We use LEADS LEAP because it very simple to share codes and setup captivating capture pages.
- Consider your new capture page to be an online business card for your business. Only this business card captures your visitor's email and contact information and then introduces them to our system!

What You Will Need

- We recommend and use Leads Leap as everything is included. You will join for free. You can consider the monthly upgrade which gives you access to free traffic to your sites.
- You will need an advertising budget and access to advertising resources. We recommend resources that work for us along with instructions on how to use them.

Your funded system will begin growing simply by directing visitors to your Capture page. Once they subscribe, they are directed to a Landing Page where they will learn more about our CLB Funded System and can choose to join our free affiliate program. Once they join CLB, they begin to receive our training on how to setup THEIR capture page just like you did. As they go through our instructions, they will be directed to join the programs in our Downline Builder and when they do and upgrade, you will earn a commission.

Focus on bringing your leads through the CLB Funnel. One focus will generate leads for your primary business while generating additional income streams.

NOTE: The additional income streams are generated by the tools and resources we encourage you to use. Your team will use the same tools and follow the same steps.

Social Networks

Social Networks can be a wealth of leads for you if used properly. There are many great trainings on how to use Social Networks and here are some pointers to get you started on Facebook. These tips can be applied to any Social application.

1. Make sure your profile is complete, include a link to your lead capture page
2. Create a Page for your followers and experiment with Facebook Ads
3. Begin sharing your interests
4. Begin connecting with new friends – be careful not to add them too quickly or Facebook will give you a slap.
5. Become active in groups that have a common interest – offer advice, comments and relative information

The CLB Facebook Strategy

Each day, I will create a post on the CLB Fan Page. Once the post is created, I will send the link on Skype as well as an email to CLB Members.

Here is what you want to do with each post:

1. **LOVE** the Post – Mouse over the Like link and click the LOVE BUTTON
2. **Comment** on the Post and include your CLB Capture page or CLB Affiliate link – Please make your comment relevant to the post, put some thought into it.
3. **Share** the post on your timeline and include your CLB Capture page or CLB Affiliate link

Follow up and Follow Through

This is one area that seems to stop most in their tracks yet it is one of the most important.

These simple steps can make all the difference with your prospects.

1. Send a personal email
2. Call
3. Send a TEXT message
4. Lookup on Skype
5. Lookup on Facebook

Send a Personal Email

While it's true that the auto-responder emails will educate your prospect, there is nothing quite like personal contact.

Example:

Hi NAME,

[YOURNAME] here. I just received notice that you subscribed to my list and I am excited to connect with you and answer any questions you might have.

Please reply and let me know what time is best of you ok?

Talk soon,

[YOUR FIRST AND LAST NAME]

Skype [YOUR SKYPE ID]

Phone/TEXT [YOUR PHONE NUMBER]

Call

If your subscriber leaves a phone number, pick up the phone and dial the number. People are excited to hear from you and ready to listen.

Ask if they have questions and find out what they are looking for.

Questions to ask:

Do you have a business you want to build? If no, are you looking for a way to make money from home?

Do you have any experience?

Send a Text Message

If your subscriber leaves a phone number, chances are it is a cell phone. These days most people use their Cell phone for business.

Send a text message and say thanks

Example:

Hello NAME, it's [YOUR NAME]. It's YOUR NAME from CLB Learning. When do you have time for a call or a chat?

Three Step Review

1. Setup your lead capture page
2. Send traffic to your website
3. Follow up and Follow through

It really is this simple! Remember, at the end of the day, your focus is to get new subscribers on your list. Once they are on your list, you can follow-up about your products and services and share your experience and passion.

You'll find the Recommended Resources on the next page and we encourage you to sign up with your Sponsor in our recommended programs. You will also find these programs in our downline builder at CLB.

When you are ready, begin with Step One and setup your CLB Learning Ready Set Go Marketing System.
